Many Travancore State subjects are now holding key positions in the Government, including a membership of the Interim Government.

It is learnt that the measures contemplated are mostly of an economic nature.

It is understood that this decision was taken following the announcement of Travancore appointing Mr. Abdul Karim Sahib, retired Inspector-General of Police, as representative of the state to the Dominion of Pakistan when it is established.

But it is hoped that after Dewan's return from Delhi Mr. Balvatray Mehta will see him. If the negotiations prove fruitless, Parishad Executive's special meeting will be summoned.

'Monty' Reaches Karachi

Two-Month Military Inspection Tour Of Far East

LONDON, June 22 (A.P.A.): Field Marshal Viscount Montgomery, Chief of the Imperial General Staff, left yesterday for a two-month military inspection of Britain's Far Eastern holding and a visit to General MacArthur in Japan.

War Office security kept a clamp on all news of "Monty's" departure until 36 hours after he had left, but his arrival in Palestine already has been reported in British Sunday morning papers.

Montgomery said "General MacArthur has sent me a very warm invitation and, as he is the only senior American general I have never met, I am very anxious to see him."

He expects to spend about four days in Japan and to discuss aspects of the war against Japan with MacArthur. Montgomery planned conferences with military officials in India, Singapore, Australia and New Zealand and said "I am anxious to study the methods the Dominions use to train their citizen armies because I felt we've a lot to learn from them."

"We have no time to lose," Montgomery said. "I have been to Canada and studied what they do—and America."

Montgomery planned to spend two weeks each in Australia and New Zealand. He flew in a special Avro York plane—the same which carried him on his recent trip to Moscow.

KARACHI, June 22 (U.P.I.): Field Marshal Lord Montgomery, Chief of the Imperial General Staff, arrived here this afternoon. He will be leaving for Delhi tomorrow.

TROUBLE AGAIN IN SINKIANG

Mongolian Troops Renew Attacks: Soviet Accused Of Aiding Chinese 'Reds'

NANKING, June 22 (Reuters): Preparation of a large-scale invasion of the Chinese province of Sinkiang, between Mongolia and Tibet, by the Mongolian Republic is indicated by various signs, the Chinese Central News Agency said today.

Fighting has flared up again after a five-day lull at Peitashan in the north-east of the Province, the Agency reported in despatches received here.

Outer Mongolian troops renewed their attacks on the town at dawn on Friday, these reports added. They said that one or two reconnaissance planes based on Outer Mongolia have been making a daily survey of the positions of Chinese Government troops but without mentioning the aircraft's markings.

New detachments of Chinese Government troops armed with variety of light and heavy weapons arrived in Tientsin as Government forces continued preparations for a big drive against the communists in the north Chinese province of Hopei, a Tientsin despatch said.

COMMUNIST OFFENSIVE

The communists were reported to have launched further attacks on the goal: lining towns of Tongshan and Kaiping, north of Tientsin, which the Government forces were said to be trying to encircle.

Despatches from Manchuria said that Government columns moving south along the Changchun-Mukden Railway to the relief of the railway junction town of Szepinkai, 100 miles north of Mukden, had reached the outskirts of Kingwhuling, 34 miles north-east of Szepinkai.

A second column, according to these reports, was moving north along the railway from Kaiyung towards Changchun, 24 miles south-west of Szepinkai, where the communists were said to be erecting defence works.

INVITATION TO AMERICA

China's Vice-President, Dr. Sun Fo, claimed today that Chinese communists have the full support of the Soviet Union, and called on the United States to renege her policy.

A correspondent of the independent newspaper "Hsin Min Pao" quoted the Vice-President today as saying that if the United States "abandoned" China, the only foreign influence here would be that of Russia.

Russia had violated the Sino-Soviet Treaty of 1945 by refusing permission for China to take over Dairen and Port Arthur, but had granted use of these two ports to the Chinese communists.

Dr. Sun said that the Central Government should exert all efforts to crush armed opposition to the nationalist military forces, and should review her relations with the Soviet Union. Without Soviet support, Outer Mongolian troops "would not venture to invade Chinese territory," he added.

Latest reports from Manchuria reaching here said that Government troops moving to the relief of Szepinkai had reached the outskirts of Kingwhuling, 34 miles to the north-east.

Fighting continued in the streets of Szepinkai, the reports added.

Reply To Dutch Proposals

Indonesian Ministers And Party Leaders Disagree On Terms

BATAVIA, June 22 (Reuters): Cabinet Minister and Party leaders of the Indonesian Republic today failed to agree on the terms of their reply to the Dutch proposals for implementing the recent Dutch Indonesian Agreement.

Republican Defence Minister, Dr. Amir Sjaruddin, and the Minister for the Interior, Mr. Roch, together with Republican Political Party leaders have arrived from Jogjakarta for the vital meeting which the Prime Minister, Dr. Sutan Shahrir, has called for today.

They will draft a reply to the latest Dutch memorandum regarding the political crisis which the Republic whether it is prepared to accept the Dutch military economic and over proposals for implementation of the Linggadjati Agreement in addition to the Dutch proposal for the formation of a Federal Interim Government.

Bombay Govt. On Lifting Controls

BOMBAY, Sunday.

The Provincial Legislature today discussed the question of the removal of controls on all articles except food grains and heard the views of Mr. Dinkarrao Desai, Minister for Civil Supplies, who stated that the Bombay Government was in favour of such a step. They had conveyed their views to the India Government whose decision in the matter, he said, would be made public in a few months time. Till then, Mr. Desai cautioned it would be unwise for any province to act unilaterally. The Party also discussed the provincial situation as regards cloth, sugar, kerosene and educational cases.

The primary education policy of the Government and the relations between the Government, inspectors, staff and the administrative officers of the school boards also came up for the Party's consideration. No decision was stated to have been arrived at on the issue as to whether Government should undertake the preparation and publication of text books for primary schools. Many members were reported to have emphasised the financial magnitude of such a venture.

DULEEP SCHOOL OF CRICKET

Opening Ceremony At Porbandar

(From Our Correspondent)
PORBANDAR (By Mail).
Prince Duleepsinhji declared open the Duleep School of Cricket, the first institution of its kind in the East, at Porbandar last evening in the presence of a representative gathering. The inaugural ceremony of the Vijay Pavilion was performed immediately afterwards by Mr. Vijay Merchant, Captain of the All-India Cricket Eleven, shortly proceeding to Australia. Prince Mahomed Dilawar Khanji, Heir-Apparent of Junagadh, Major Vazir Ali, Vinoo Mankad and Mr. H. R. Adhikari were prominent among the distinguished cricketers present.

TRIBUTE TO DULEEP

His Highness the Maharaja of Porbandar State improved the occasion by calling pointed attention to the achievements in the realm of cricket of the late Maharaja Jam Saheb Sir Ranjitsinhji of Nawanagar, particularly referred to as the "Great Ranji." His Highness said Prince Duleepsinhji was a "chip of the old block." The lineage of his future greatness in cricket was early discernible in Prince Duleepsinhji's heroic in the Porbandar State made their first Centuries while their North wing side in the Rajkumar College of Rajkot was pitted against their senior comrades of the South wing.

The Maharaja Saheb paid a glowing tribute to the similarly unique cricket record of Mr. Vijay Merchant, Captain of the All-India Cricket Eleven in the ensuing Test Matches in Australia. Twenty-four years ago when the Maharaja Saheb had led the Kathiawar Team to Bombay to try conclusions with the Hindu Gymkhana Eleven, His Highness had predicted after Mr. Vijay Merchant had played half a dozen balls that Vijay was destined in the fulness of time to become a jewel of the Indian cricket. The prophecy had gratifyingly enough come true, since Mr. Vijay Merchant had already set up an enviable record in international cricket and would ere long sustain his worldwide reputation as India's batsman Number One in the forthcoming encounters with the pick of the Australian Test players on their home ground and leave behind him memorable marks of good fellowship.

Prince Duleepsinhji, speaking next, bore eloquent witness to the Porbandar Maharaja Saheb's pioneer enterprise in the East. It was in the fitness of things that the enterprise owed its inception to one whose skill, Captaincy of the All-India Cricket Eleven was demonstrated at Lord's Cricket Ground on June 22, 1932, when Sutcliffe and Holmes (two batsmen of the All-England Test Team captained by Mr. D. R. Jardine, who had only a few days ago established the world's widest partnership record with 555 runs—Sutcliffe: 333 and Holmes: 222—were cheaply dismissed for 3 and 6 runs respectively. Wooley, the demon-driver, having followed suit with only 9 runs to his credit in the 1st innings.

ON AUSTRALIAN TOUR.
Mr. Vijay Merchant next thanked the Maharaja Saheb for the honour he had done him by associating his name with the new pavilion. He congratulated the Maharaja Saheb on having made efficient arrangements for fielding practice, which was least attended to in India. He was confident that the batting, bowling and fielding practice in the Duleep School of Cricket would stand the youths in good stead, no matter where they came from. In conclusion, he expressed his great personal gratification at having in the All-India Cricket Eleven alert fielders, who might be depended on for preventing the Australian Test-players, score from mounting up. Cricket was a game of glorious uncertainties. He would not, therefore, indulge in any predictions about the results of their encounters in Australia. He would only assure all who were interested in them in India that they would do nothing undone to give a good account of themselves in the well grounded conviction that they would be constantly warned off the pitfalls of the game on the foreign grounds by Prince Duleepsinhji, who was thoroughly well conversant with the ways of the cricketers in Australia, where cricket was not a profession but a religion.

Lindor Wins Again Grand Steeplechase

PARIS, June 22 (Reuters): France's stiffest steeplechase—the Grand Steeplechase of Paris—was won today by Lindor, by Montanisman out of Lady Chatterly, to repeat his triumph last year. Lindor carried top weight of ten stone twelve pounds and won by four lengths from Rameau with Ledian another four lengths behind. Six-year-old Lindor was with the leaders throughout but not until the favourite Hellmelo fell, did he go clear in front.

Dryas who finished fourth had led most of the way until slipping to throw his jockey at the jump in front of the grandstand. The jockey remounted but just failed to get among the first three.

The winner paid 34 francs for ten places for win and 34 francs for place but Rameau paid 60 francs for place.

Mahasabha Calls For Protest

Mr. Asutosh Lahiry, General Secretary of the All-India Hindu Mahasabha has sent a circular to all provincial Hindu Mahasabhas in the course of which he says:—
The All-India Committee of the Hindu Mahasabha has decided that the 3rd of July should be observed as a Day of Protest throughout India by holding peaceful Hartal and complete suspension of business and wherever possible, public meetings. In fact the day should be observed as a Day of our Shame and Humiliation. The representatives of the Hindus have voluntarily agreed to relinquish valuable territories and hand over millions of our brethren in Eastern and Western zones of India to the tender mercies of Pakistanists. The establishment of independent Islamic State in these regions is bound to create, for the Hindus, fresh problems and fresh troubles of unforeseeable magnitude. Mr. Jinnah and the Muslim League have declared that the 3rd June announcement is not acceptable to them but will be worked only as a compromise. Its implications are obvious. Besides the New Pakistan State will have an International Status which will make it impossible for the Hindustani State to take any coercive action. Hindus of India, a man, rejected Pakistan and the Congress won the last election by giving a definite pledge to the Hindu electorate that they will never agree to vivisection of India, but they have now chosen to betray that pledge. The acceptance of Pakistan by the Congress, therefore, cannot be binding on the Hindus. Morally, legally, and above all as the Homeland of that Eternal Religion which we all profess.
Let the 3rd of July be organised as the Day for the effective demonstration of the bitterness of our heart.

GRAM PANCHAYAT BILL FOR BOMBAY

BOMBAY, June 21. (API): An official bill, drawn on the lines of "Gaon Hukumat Bill" which was recently passed into law by the United Provinces Legislative Assembly and seeking to introduce self-Government in the villages under joint election is to be introduced in the Bombay Legislative Assembly, when it meets in Poona in the last week of August.

The Congress Party of Bombay Legislature, which met here today under the chairmanship of the Premier, Mr. B. G. Kher, had before it a rough outline of the bill to be known as "Gram Panchayat Bill."

Mr. G. D. Vartak, Minister for Self-Government, it is understood, explained the aims and objects of the bill to the members of the Congress Party of Bombay Legislature.

In pursuance of the policy of the Government of Bombay to promote the progress and well-being of the Backward Classes, several technical scholarships had been offered to Backward Class pupils. These scholarships, of varying values, were hitherto awarded by the Director of Industries, Bombay, but will hereafter be handled by the Co-operative Department, Poona. Applications should be made on the prescribed form to the Co-operative Department and they should be forwarded duly completed to the Joint Registrar, Industrial Co-operatives and Village Industries, Poona as soon as possible.

This scheme for the award of these technical scholarships has been sanctioned for the period up to February 29, 1948, in the first instance, likely to be continued for a further period on the approval of the Government.

These scholarships range in value from Rs. 15 to Rs. 25 per mensem and cover such vocations as carpentry, smithy, weaving, dyeing, calico printing, tailoring and cutting, chappal making and a course in mechanical apprenticeship. While the duration of the course varies from one year to two years, the number of trainees to be selected in a technical school is anything between 2 and 5. There are 14 technical institutions where the scholarships are tenable in 8 districts.

WITHOUT COMMENT—

"We do not want this (National Union) organization to develop into an arena of party politics but to be certain that when the organization gets stronger, power will come to it." **Shri Furahatdas Tandon** of Jhansi.

II
 "Mr. Tandon said that Hindu culture should be their goal and they should adopt Hindi as 'lingua franca' and Devanagari as national script."
 —**At Benares.**

Denouncing the June 3 plan, the Central Committee of the Communist Party of India declares: "The British policy of divide and rule, exploiting Hindu-Muslim differences, produced an independent civil war and divided the country into two hostile states."
 "What no 'Pati n Zindabad'?" **Comradal**

Said **Shirimal Kamaladevi**, inaugurating the Gomal Political Conference yesterday last: "Viewed in the context of the political changes that are taking place around us, it seems hard to venture that the liberation of Goa can be a matter of days and weeks before it is realized."
 "Couldn't it be made a matter of months, Madam? We mean to say—that the changes that are already actually taking place around us have made us giddy enough."

"If Pantharban with one-third of the population and less than one-third of the revenue of Travancore can be independent, is it," asks **Sir C. P. Ramaswamy Aiyar**, "a cardinal error to declare Travancore independent?"
 Certainly not, especially when what is declared is the independence of **Sir C. P. Ramaswamy Aiyar**, by **Sir C. P. Ramaswamy Aiyar**, for **Sir C. P. Ramaswamy Aiyar**, in fact, is a "C. P. Ramaswamy Aiyarasa."

Judging from his correspondence, **Sir "C. P."** believes that in all likelihood the members of the State Congress will soon declare themselves in favour of the independence of Travancore.

Quite likely he is in Travancore, there must be men in Travancore, too," have **Sir C. P. Ramaswamy Aiyar** in the **Q. U. N.**

By the way, **Sir C. P. Ramaswamy Aiyar** has issued "an invitation to all persons in India to send her observations to judge the situation for themselves."

In our opinion observers should take the risks and accept the invitation.

The Punjab Muslim League Assembly Party has passed a resolution expressing lack of confidence in **Sir Evan Jenkins** and demanding his

His main fault, and a grave one it is in of course, that of fellow Governor, to wit, **Sir Olaf Caroe** has been "allowed" to retire from the service because he lacked the confidence of non-Muslim League.

HYDERABAD AFFAIRS

Sir Walter Monckton's Role

HYDERABAD (Dn), June 22: Now that **Sir Mirza Ismail** has unexpectedly relinquished charge of the office unrequited and unpraised Nawab of Chattri has quietly vacated the post of the President of Hyderabad's Board and continued by **Sir Walter Monckton**, Chief Minister of Andhra Pradesh, he is guiding the destinies of the premier State of India towards full constitutional independence. The activities of **Sir Walter** are watched with a certain amount of suspense. For instance, last week, he had a mysterious visit by aeroplane from **Bombay** by a certain Major X, as a result of which the former flew to Delhi for consultations and decisions with whom one simply wonders. The role played by **Sir Walter** in the Deccan politics bears close resemblance to that of **Col Lawrence** in Arabia in the early twenties. The mystic attending the movements of this worthy might all right, but the type of any one who later developments of the country when his position Hyderabad occupies in the constitutional field with its relation to the two sovereign States of India and also with regards to Great Britain after the termination of Paramountcy. While the man in the street knows nothing of what is going on behind his head in his schemes in shaping his destiny in which he has no part or no say.

The much expected **Firman** regarding the future of Hyderabad constitutional position has duly been issued to the **Nizam**.

The **Firman** has been received with a feeling of mingled joy and sorrow by the local **Muslim-ul-Muslem**. While praising the **Nizam** of the wisdom of the declaration, it is lamented on the occasion of any number of the to the "Islamic State" which the **Muslims** have been preaching vigorously for quite a long time. The President of the Hyderabad State Congress flew to Delhi for consultations with the Congress High Command and has now returned to join the annual session of the State Congress.

and political technicians they probably have no equal.

Greedy, ponderous, bureaucratic, politically-minded **Ramsay** apparently offers no immediate military threat to the United States but the Communists are masters in the art of taking over a sick dignified, corrupt, miswired, ridden country.

ANGRY SCENE IN DAIL

De Valera Reacts To Dillon's
Allegations

DUBLIN, June 21 (Reuters): Mr. Eamon de Valera, Eire's Premier and Mr. James Dillon, chief advocate of the Commonwealth Association, figured in an angry scene in Dail yesterday when Mr. Dillon said that in Eire's relations with other countries she was "living a lie."

Mr. Patrick McGilgan, former Minister of External Affairs, asserted that the President of Eire was not the Head of the State and that Eire was only pretending to be a Republic in Eire, functions normally carried out by the Head of the State were carried out by King George VI, he said.

Mr. Dillon said that the members felt a sense of humiliation when Eire's Ambassador took credentials to the Pope signed by the King of England. The diplomatic corps in Eire had to present credentials to Mr. De Valera as the King's representative before they took tea with the President of Eire.

DE VALERA'S RETORT
Strongly denying the allegations, De Valera told Dillon "you are stupid and worse."

Referring to international affairs, Mr. Dillon said that America was the one Power which could meet Russia's challenge. He warned against effort which he said was being made in America and elsewhere to drive a wedge between Britain and the United States by clever propaganda concerning Anglo-Irish differences. Britain and the United States, said Mr. Dillon, stood between world conquest by the Communists and all free and Christian States should support them.

Shipping Tie-Up Ends

SAN FRANCISCO, June 22 (U.P.A.): Two C.I.O. Seamen's Unions officially ended the brief United States-wide shipping tie-up.

Setting some five per cent of the wage increase, the American Communications Association and the United Brotherhood of Carpenters and Joiners of America signed contracts that promised the West Coast its first full year of peace since the end of the war. The wage increase, identical with the one which earlier settled the East Coast phase of the strike, also went to C.I.O. mine engineers and maritime unions.

The wage increases are retroactive to June 19 and other contracts with waterfront and seamen's unions now run a full year except for agreements with two AFL sailors' unions which expire September 30.

Harbour Explosion In California

WILMINGTON (California), June 22 (A.P.A.): A petrol explosion followed by fire wrecked the tanker "Markay" and caused damage in the busy Los Angeles harbour today. The police reported that two persons were killed.

A police officer said that at least 12 persons had been injured. The present situation on board the gutted "Markay", he added, was not known.

Asylum For Unwanted British Children

LONDON (I.P.S.): Child Welfare bodies in Australia have agreed to accept thousands of unwanted British children who cannot be cared for in the British institutions. Special berths have been reserved in ships for these children migrating to Australia very shortly.

G. B. S. Says "He Is Too Old To Play Robinson Crusoe"

LONDON (I.P.S.): "Absolute rot, young man. I am far too old to start playing Robinson Crusoe." This was the reply given by George Bernard Shaw to a correspondent of the "News of the World" in connection with a New York report that he was being persuaded by Gabriel Pascal, the famous film producer, to go on a holiday with him to an island in the Caribbean Sea this spring. Bernard Shaw will be 91 in July.

'DEMARCATION' OF TIN SUPPLY AREAS IN SIAM

SINGAPORE, June 22 (Reuters): According to the Penang correspondent of the British-owned Singapore newspaper "Sunday Times", an agreement has been reached between the Siamese, British and United States Governments providing for 'demarcation' of tin supply areas in Siam.

Under the demarcation system, says the report, tin produced from a point north of Tungson and certain parts of the west coast of Siam is to be diverted to Bangkok for shipment to the United States. Tin produced south of Tungson can be exported to Malaya.

The report adds that despite the agreement little tin has yet been collected.

French Bank Employees' Strike To Continue?

PARIS, June 21 (Reuters): French bank employees were today called on to continue their three-day-old strike for higher wages by M. Oreste Capocci, Secretary-General of the Bank Employees' Federation, which is affiliated to the Communist-controlled General Confederation of Labour.

"On Monday, not a single bank should open its doors, the appeal said. It stated that private bank owners were still refusing certain of the employees' demands for wage adjustments.

The strike started on Thursday. Negotiations aimed at settling it ended early today without success. The bank managers' association is meeting on Monday.

New Source Of Oil For France

PARIS, June 21 (Reuters): Oil prospectors in the French Pyrenees struck petroleum gas today in what is believed to be the discovery of a new source of oil.

The drillings, made at Antin, near Trie St. Baise in the Haute-Pyrenees Department, reached the petroleum gas at 1,540 meters depth. The gas was reported to have a pressure of 330 kilograms.

The oil prospecting, which has been carried out in this area for the past several months, will continue.

Ceylonese & Malayan Indian Congress

SINGAPORE, June 22 (Reuters): John Thivy, President of the Malayan Indian Congress, announced at Kuala Lumpur yesterday that Ceylonese may join the Congress but must give up Ceylonese individuality to do so.

Mr. Thivy stated that Ceylonese who entered the Congress could do so "as Indians" because both came from "common stock" and their joint interests could only be served by their acceptance of this principle.

JAPANESE-MANNED WHALING EXPEDITION IN PACIFIC

TOKYO, June 22 (Reuters): Despite vigorous Australian and British opposition a second Japanese-manned whaling expedition under control of the Supreme Allied Command in the Pacific has been authorised to go to the Antarctic.

General Douglas MacArthur, Supreme Commander, announced this today.

Reasons advanced for the decision were Japanese shortage of food, heavy drain on the United States both financially and in raw materials and large quantities of whales available in the Antarctic.

Fascist Sympathizers Arrested In Italy And Sicily

ROME, June 22 (U.P.A.): The Police, acting with dramatic swiftness, today rounded up hundreds of Fascist sympathizers in long planned raids in scores of cities and towns throughout Italy and Sicily.

Small quantities of arms and munitions were seized in raids on underground headquarters where persons with Fascist identification cards were immediately jailed.

The authorities mapped the large-scale blow at a rebirth of Fascism weeks ago. They said the movement had assumed serious proportions and arms had been secretly hidden during the war for an expected comeback attempt.

The biggest catch was Giuseppe Pizzirani, former Fascist boss of Rome, allegedly in contact with Carlo Scorza and Augusto Turati, ex-Fascist Party secretaries sought as war criminals for over a year.

Pizzirani was arrested with a dozen lieutenants at a secret meeting in the capital's Piazza Colonna, the blackmarket quarter. All carried Fascist identification cards and quantities of small arms.

Surprising simultaneously throughout the peninsula the Police seized hundreds of more Neo-Fascists in surprise raids on their headquarters in Milan, Padua, Venice, Vicenza, Mantova, Siena, Parma, Brescia, Verona, Bari,

Naples, and lesser cities. Scores of arrests were also made in Palermo, in Sicily.

One Roman newspaper, "La Repubblica", claimed the Italian Neo-Fascists were being directed by "Government in exile" in Argentina. The Police refused to comment on the report.

"La Repubblica" article also stated that Neo-Fascist leaders had said: "As soon as there is a war between Russia and America we will return to power."

The Police operations were concentrated principally on smashing the "Fasci D'azione Rivoluzionaria". The "Fasci" are objectives of the group were preparations in a revolution. Terrorist acts to let people know we are alive", propaganda and a collection of funds and weapons.

The organization's principal self-nominated activity was "to make trouble for the Communists". It said it planned to set up a clandestine radio transmitter and claims it received help frequently from "exile headquarters in Argentina".

It publishes its own newspaper "Vivazione" as well as pamphlets entitled "Credere" and "Mussolini".

It also raises funds from the sales of black bordered postcards of Mussolini and 1,000 lire "insurrection bonds".

Making Hungary A Political & Economic Base For U. S.

Budapest White Paper's Allegations Against Ex-Premier & "Conspirators"

BUDAPEST, June 21 (Reuter). A White Paper which the Hungarian Government is to publish tomorrow will claim that Britain and the United States offered to provide ex-Premier Ferenc Nagy and the so-called "conspirators" with funds and material support, it was learned here tonight.

The White Paper will also claim that the "Conspirators" were supplying the British and United States missions with military and anti-Soviet information.

It quotes from alleged statements by Ferenc Nagy, Private Secretary to Ferenc Nagy, who was arrested in Nagy's office in Budapest on the night on which the Premier's resignation was announced.

ALLEGED U. S. OFFER TO SMALL-HOLDERS PARTY

Kapocs is alleged to have stated that Nagy gave him orders "to provide every facility and show every courtesy to Mr. Ecker Racz, the new Commercial Counselor of the American Legation in Budapest, as this gentleman had promised financial support for the Smallholders Party at the next election."

The White Paper mentions a police official, whose name is given as Yarmay, described as having been ordered to watch every move made by President Zoltan Tildy to prevent his leaving the country before the September election.

The informant said that Communists party leaders and their advisers demanded that Tildy, as the last remaining prominent member of the Smallholder Opposition, remain in Hungary to attest to the legality of the forthcoming election.

"COMPLETE FABRICATION"

BUDAPEST, June 21 (Reuter). Political circles here to-day branded as "a complete fabrication" the assertion that Hungary's President M. Zoltan Tildy had submitted his resignation.

An official statement to-day said that M. Laslo Jekely, the President's former principal Private Secretary who made the assertion in Geneva last night, had "lost President Tildy's confidence" in the last few months. The statement also denied the report that M. Jekely had been sent to Switzerland in a special mission.

It was announced here last night that the political committee of the Hungarian Smallholders Party had expelled M. Jekely and his Deputy M. Gyula Desseffy, who fled the country and turned Hungarian democracy with others abroad.

Increased Southern Hedge Selling In N. Y. Cotton

FUTURES 11 TO 27 POINTS DOWN WITH LIQUIDATION

NEW YORK, June 20, (U. P. A.). Moderately active trading and lower prices featured today's session of the New York Cotton Exchange. Prices became technically vulnerable after the previous five-day rise to the highest level in eight months and prices tracked back on the resumption of Thursday's liquidating movement.

Wheat and grain interests joined the selling movement while local dealers pressed offerings at the following reports that a market advisory service had advised its clients "that the upward movement was over and it would be advisable to sell cotton futures at a premium of 620 points over December."

CHOICE LEFT TO DEFENCE FORCES

Baldev Singh On Freedom For Personnel To Serve Indian Union Or Pakistan

AMBALA, June 21 (A.P.). The Defence Member, Sardar Baldev Singh, talking to service personnel here stated today that very shortly every officer, VCO and Javelin would be asked to state his choice as to whether he wished to serve in the army of the new Indian Union or of Pakistan. Each individual would have to be given freedom to choose one of the two armies without prejudice to his pay or terms of service.

The Defence Member took the salute this morning at an impressive passing-out parade of RIAF Cadets at the Advanced Flying School.

"Your gallant deeds throughout the world have earned unique reputation for India's armed forces," said Sardar Baldev Singh, addressing in Hindustani over 600 officers and men of the RIAF station, Ambala. "I am deeply impressed by your excellent record of efficiency and I congratulate you on your smart turnout. I am sure that you will continue to uphold the high traditions built up by our armed forces."

"Whether you are in Hindustan or Pakistan," continued the Defence Member, "I have been assured by the leaders of both sides that none of your rights and privileges or your present conditions of service will be ignored or adversely affected."

After inspecting a guard of honour the Defence Member presented the Jodhpur, Nabha and Patiala Trophies to P. O. Bakshi and P. L. Bhatia.

"COLLABORATION WITH BRITISH"

Hebrew Committee Chief Accuses Jewish Agency

PARIS, June 21, (Reuter). Mr. Peter Bergson, President of the Hebrew Committee of National Liberation, had sent a telegram to the Jewish Agency Executive asking them to "stop fighting against Hebrew resistance forces," the Committee headquarters here announced to-day.

"Collaboration of the Jewish Agency with the British is leading to fratricidal battle," the telegram said. Yesterday Mr. Bergson sent a telegram to the Executive accusing it of "collaboration with the British, reaching point of all-out national betrayal, by having succeeded in forcing Hagana, the illegal mass Jewish Defence Army, to fight their former comrades in arms."

Arabs Boycott U.N.O. Special Committee

PALESTINE, June 21, (Reuter). More than 130,000 Arabs living in the maritime plain of Southern Palestine faithfully adhered to the Palestine Arab Higher Committee order to "keep a respectful distance" from the United Nations Special Committee in Palestine when the members toured the Hebron, Beerseba and Gaza Districts today.

Arab Mayors, however, met the Committee members in each of the three towns visited—a formal courtesy permitted by the Higher Committee's Boycott Proclamation.

Sheik Mohamed al Jabari, Mayor of Hebron and friend of King Abdullah of the Transjordan, welcomed the d. gates.

Cochin Govt. Greets Grady

ERNAKULAM, June 21, (A.P.). Mr. Henry F. Grady, American Ambassador-designate in India arrived here in the steamer S. S. "President Bonaparte." The steamer anchored at Cochin port and will leave for Bombay tomorrow "en route" to Delhi.

The Director of Information, Cochin Government, met Mr. Grady and conveyed the greetings of the Cochin Government.

CROP CONDITION.

Today's session opened five lower to six higher. Prices drifted down thereafter, and off 17 to 45. Open contracts in July dropped 41,000 bales over night to 283,000 bales. Technicians now believe that the situation in July is likely to be normal by Tuesday, at notice day. Meanwhile, certificated stocks dropped to 22,000 bales or less.

June crop reports were increasingly favourable. Mississippi report said that weevil was more than twice as numerous as last year. The Clemson College in South Carolina reported movement of new crop of weevils from Southern Texas is expected to be under way early next month.

FERTILIZER SALES.

The effort, of farmers to increase production were hampered by reports of unusually heavy fertilizer sales. The National Fertilizer Association usually taper off now. The actual distribution during May in 16 states rose to 644,000 tons, 24 per cent above last May and 84 per cent ahead of that in May last year. The situation in the southern spot markets is mixed to be on the upgrade. Memphis reported increased mill sales of fertilizer for the fourth quarter and some sales enter the market for new crop purchases this week. Conversely, Atlanta reports said that mill buying was slow. In the eastern mills continue to sell cotton out of stock, of which were of better grades. Country sales, however, were reported to be much slower. In the cotton belt, left in producer hands contain a large percentage of low grades which is hard to sell because of current slow demand. The scramble among shippers for spot cotton is expected to be intensified by the Army's call for better cotton for shipment to Japan.

Government is expected to limit buying until the new crop becomes available.

Traders expressed the opinion that today's reaction had largely corrected technical situation and the resumption of advance is expected next week.

Russian Quest For Uranium

Extensive Mining In Occupation Zone With Forced Labour In Progress

BAVARIA, June 21 (Reuter).—Russians in the occupation zone adjoining Bavaria were reported by the German frontier police today to be forcibly recruiting people in the Oberbleichem District for work in Pitschle Mines—a source of Uranium, the raw material for atom-bomb and radium.

For that reason, Germans wishing to enter the Russian zone from Bavaria were being warned not to continue their journey.

Fugitives from Oberschlema were quoted by the police as saying that women and young people as well as men were being recruited from the streets to work in the mines where conditions are allegedly injurious to health because of the absence of protection from radium rays.

At Aue near Oberschlema, it was stated, a uranium mine has been started in the market square. Extensive mining was also said to be going on near Braumback where radio-active gases are found.

Joachimstal in Czechoslovakia where mining for Uranium ore was begun 18 months ago, lies roughly midway between Oberschlema and Bad Braumback.

The Russians were said to be placing the ore in large cases and sending it to Berlin for dispatch by air to Russia.

Investment Buying In Wall Street Market

NEW YORK, June 20. Stocks continued to advance in moderate dealings, with gains up to one point or more attributed to new investment buying and short covering. The generally expected Truman veto on the labour bill is offset by Senator Taft's optimism regarding the postal bill or overriding it. The market advanced on a fairly broad front with American telephone and Norfolk Western recovering by two or three points from the recent weakness. The averages were industrials 178.96 and rail 45.80. The prompt overriding of the Truman veto was expected and exerted negligible influence on the market. Prices fluctuated around the day's highest levels with attempts to extend the rally contained by precautionary weekend profit-taking. The sentiment in financial quarters has definitely turned better. Although numerous investors are still cautious because of major world problems at the same time the realization is growing that the stock market in the past year has done much to discount every thing short of a complete collapse. Persistent profit-taking unsettled some sections in late dealings notably chemicals, containers, motors, oil, steel and amusements and earlier gains were either reduced or eliminated. The market however still showed a predominance of gains of mostly fractions. American Telephone and Tele-

N. Y. COTTON SEED PRICES

NEW YORK, June 20, (U. P. A.). With the exception of black pepper, which was quoted at 23 to 24 cents and white pepper which was quoted at 49 cents, prices of other seeds remained unchanged on the New York Market today.

Black pepper futures closed inactive and unchanged to 100 higher. The firm spot situation kept sellers withdrawn although buyers' ideas were increased one cent per pound on later deliveries. The actual trading in spot was very light. Buyers were reluctant to meet higher asking prices. Bids for jobbing lots on black pepper among dealers were held at 33 cents per pound while offerings were held at a price one to two cents higher. White pepper was held at 49 cents. Closing prices included: July 32 noon; September 30 bid; October, December, January 29 bid; March 26 nom.; May 27 nom.

NAGPUR, June 22, (UPI). The United Press of India learns that the Central Provinces may have the first newsprint factory in India.

A Bombay firm has applied to the C. P. and Berar Government for a token aid to start a plant which will produce daily 100 tons of newsprint.

The Bombay firm proposes to invest 15 million rupees in this enterprise and it is stated that their experts are undergoing specialized training in newspaper processing in Canada.

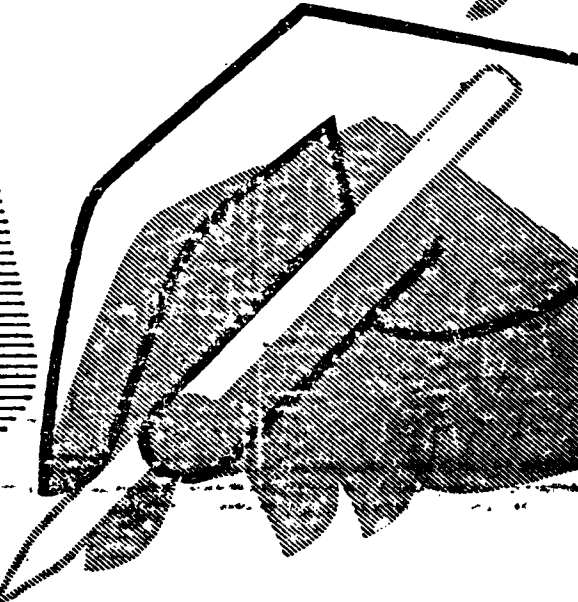

If the proposal materializes, the factory will be established in the Narmada District where raw material is available in plenty.
